Special Offer

Dove & Pigeon Hunting Programme

San Luis, Argentina

November to December 15 - 2020 and February 15 to March 31 - 2021.

Situated in the north of the San Luis province in central Argentina the Lodge has the shooting rights over 200,000 hectares. The agricultural and shooting practices in the region have been conducted with doves and pigeons in mind for the last 15 years. As a result, the region now boasts a higher concentration of doves than the well-known Cordoba region and most unusually, offers both dove and pigeon shooting from the one location.

When you've had enough shooting, fly fishing is also available nearby to add to your trip, full details are at the end of this programme.

Rates based on groups of 4 hunters or more

Programme description:

- 80/85 % doves - 15/20% pigeons depending on the time of year.
- Doves volume are at least equal to and often higher than in Cordoba. Pigeons will also be more plentiful than in other regions.

Rates:

they will be able to choose between; 1) a refund, minus Hendry Ramsay& Waters administrative costs and bank transactional fees and 2) a roll-over of the deposit to the following season.

Travel:

The Argentine Government has confirmed that they intend to allow both International and internal flights to resume on 1st September 2020.

For clients travelling from the UK we would suggest flying to Buenos Aires and then taking an internal flight to either Mendoza or San Luis.

Fly Fishing in Mendoza at a Private Estancia

Program from February 15 to May & November to December 15.

The fishing place is located just an hour and a half drive from Mendoza city, the 3 ¼ hour transfer from the Lodge to Mendoza is included, then you can fish surrounded by the Andes mountains range in a private Estancia. The little stream allows 4 rods a day maximum, so the fishing is exquisite, beautiful Brook, Rainbow and Brown Trout, all wild and ranging in size from 1.7lbs to 3 lbs. All in a pristine environment, accompanied by just the sound of the wind and the water.

Stealth fishing using dry flies and nymphs in small spots where the trout is waiting for its prey. You can use strike indicators too or droppers waiting for action under or on top of the surface. We use a wide range of flies, mayflies nymphs, chironomids and stone flies. Huge hoppers, Blue Duns and classic patterns such as Elk Hair Caddis and Royal Wulffs. We recommend small single handed fly rods to enjoy the fishing at its best.

A classic Argentinian “Asado” and great wines to finish the day.

The small creek flows through a beautiful valley. There you can see huge Condors, Guanacos, (a camelid similar to a Llama) and Deer in wild scenery.
